

South Africa is at the top of the list in terms of crime statistics

There is disorder and corruption in the leadership, the result of this is that everyone is subject to it.

What can be done to improve our country - We must pray that God:-

1. will raise up leaders who will not participate in corruption.
2. will make them passionate about the well-being of the people of South Africa.
3. will eradicate crime altogether so that peace will reign in our country.

We must remember that leadership is not just those who are in charge in government, but everyone who has been put in charge of other people. Let us pray that God will work in the hearts of those so that they repent, that the father figures in every institution and home are again someone that we can be proud of. People who are a positive example and take the lead for a God-blessed future for South Africa.
